

Professional 111 Brake and Parts Cleaner

Cleaner for maintenance, repair and assembly work in the skilled trade sector. Removes and dissolves oily dirt, grease, salts and silicone on brake discs, clutch parts, gearbox parts, cables, tool parts etc.

Multi-functional Cleaner:

- ✓ Aprotic - non-polar: Oily or greasy contaminants
- ✓ Aprotic - polar: Adhesive or paint residues
- ✓ Protic: Salty contaminants, e.g. AdBlue(R) residues, road salt residue and calcareous contaminants
- ✓ Increased electrical resting conductivity ($> 300 \text{ pS/m}$)

Properties

- ✓ Removes oil, grease, resin and silicone
- ✓ Removes, binds and washes away abrasive dust
- ✓ Dries quickly
- ✓ High spray pressure for optimised cleaning effect even in hard-to-reach places
- ✓ Effective against lacquer-like pollutants

Application area

- ✓ For maintenance, repair and assembly of components subject to very oily and greasy residues
- ✓ For resin, silicone and salt-like residues

Instructions

Evenly spray the component to be cleaned from a distance of approx. 20 cm. Leave to soak in briefly. Repeat application for stubborn dirt.

Notice

- ✓ Do not spray on paint.
- ✓ For sensitive parts e.g. plastic, check for material compatibility on a hidden area.
